Importance: High

Terri –

I have attached the revised budget spreadsheet reflecting the 50% funding level for the project titled Sanitary Sewer Lining in Problem Areas. WE are able to fund the additional 25% because of the large amount of the Capital Improvements Fund that we budget to sewer lining every year for the long term maintenance of the nearly 900 mile of sanitary sewer in the City of Des Moines. Thank you for the opportunity to submit this amendment.

Importance: High

James,

As specified in both the I-JOBS Local Infrastructure Competitive Grant Program administrative rules and in the application form:

*Grant award will be limited to the lesser of:

- (1) Up to 75% of the total cost of a project for replacing or rebuilding existing disaster-related damaged property; or
- (2) Up to 50% of the total cost for all other projects; or
- (3) \$50 million

Your I-JOBS application submission requests the following grant amount as compared to the identified total projected development cost:

Grant Amount Requested: \$2,625,000
Total Projected Development Cost: \$3,500,000

As a **Future Flood – Mitigation** project, your grant request is limited to no more than **50%** of the total

development cost or **\$1,750,000**. Please submit a corrected Project Budget (see attached form) by emailing to my attention by no later than 4:00 PM on Thursday, August 13. Thank you!
